Dr. Pierce's Favorite Prescription,

Is not a secret or patent medicine, against which the most intelligent people are quite naturally averse because of the uncertainty as to their harmless character, but is a medicine OF KNOWN COMPOSITION, a full list of all its ingredients being printed, *in plain English*, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure glycerine taking the place of the commonly used alcohol, in its make-up. The "Favorite Prescription" of Dr. Pierce is in fact the only medicine put up for the cure of woman's peculiar weaknesses and ailments, sold through druggists, that does not contain alcohol *and that too in large quantities*. Furthermore, it is the only medicine for woman's special diseases, the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of some of these endorsements will be sent to any address, postpaid, and absolutely *free* if you request same by postal card or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Don't forget that Dr. Pierce's Favorite Prescription, for woman's weaknesses and delicate ailments, is not a patent or secret medicine, being the "Favorite Prescription" of a regularly educated and graduated physician, engaged in the practice of his chosen specialty—that of diseases of women—that its ingredients are printed *in plain English* on every bottle-wrapper; that it is the only medicine especially designed for the cure of woman's diseases that contains no alcohol, and the only one that has a professional endorsement worth more than all the so-called "testimonials" ever published for other medicines. Send for these endorsements as above. They are *free* for the asking.

If you suffer from periodical, headache, backache, dizziness, pain or dragging down sensation low down in the abdomen, weak back, have disagreeable and weakening, catarrhal, pelvic drain, or are in distress from being long on your feet, then you may be sure of benefit from taking Dr. Pierce's Favorite Prescription.

Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic.

THE NORTH AND THE SOUTH.

The following was taken from The Bellman, for September, a magazine published at Minneapolis, Minn., and shows that some northern people, at least, are awakening to the condition of affairs now existing in the South:

The fearful occurrences in Atlanta, Georgia, which have horrified readers of the daily press may well give us of the North a shock. We deserve it and we need it to awaken us to a realization of our responsibilities to our brethern of the South. A race war, undertaken on the part of the whites in sacred defense of their homes, or an unlawful outbreak in which the innocent and guilty of one race were alike sacrificed to the maddened vengeance of another; consider it either way, as you will; denounce it or excuse it; find palliation in the greatest of provocations humanity can know or condemn the perpetrators as outrageous law breakers, you cannot avoid the awful fact that the condition which is responsible for it exists and must be reckoned with.

The North is even more responsible for this overshadowing horror than the South. Let it face the facts as they are and cease this sloppy, sentimental talk about the elevation of the negro race and the need of self control on the part of the southern Caucasian. Ethical considerations, fine spun theories, philanthropical devices for a gradual elevation of the negro are not entitled to a moment's consideration when it is true that no white woman living in the South is safe for a moment unless guarded by the gun.

The North freed these negroes. It elevated them to citizenship and proclaimed them the possesors of equal rights with the whites. They washed their hands of responsibility; they left to the impoverished, defeated, disheartened South the task of making the newly freed worthy of citizenship.

Since then, the North has contributed largely of money to educate the negro. It has sympathized with and supported every scheme devised to benefit the negro and has lauded to the highest skies every effort to create in him social, political and financial aspirations. To the protests of the white men of the South who knew the negro and had to live with him, that the methods chosen were wrong and mischievous and would surely result in disaster, the people of the North turned a deaf ear.

The southern white man's exact knowledge of conditions was discredited, his advice scorned, his warnings unheeded.

He was told to contain himself, to be patient and await the results of long-distance northern theorizing.

Now it has at length come to pass that the deluge has broken and this problem, long in the brewing of its malign factors, must be effectually settled not alone by the South but the North as well. We have had enough of theorizing, temporizing, philosophizing, it is time to act.

White women and children are not safe, they cannot walk unguarded in the streets of the cities even in the day time. At night, doors must be locked and windows barred, the revolver must be ready at hand, if the black assailant is to be kept out.

Northern people do not know the truth and their journals are not enlightening them. The South, for very shame, is loth to let the facts be known, but a residence of even a few weeks in any portion of the country where the ignorant negro population is congested will convince the most skeptical that this hideous danger is always imminent and very real.

The fear of immediate and dreadful death is powerless to control the brutal, degenerated negro when his passions are aroused. His mind is too feeble and shallow to consider the consequences of his crime and the brute in him, once awakened, reckons nothing whatever of future punishment.

This national cancer is a revolting, hideous subject. The South understands it and the better classes of whites, to whom our sympathy and aid should be extended in the fullest measure, know further that, besides the vicious negro, they have with them a large element of ignorant, violent, intemperate white people for whose crude and revolting execution of lynch law they are held responsible by the world.

It is time for the North to bear a hand in the solution of the problem it has liberally shared in creating. It can do so by ceasing to exploit the negro as the white man's equal. It can do so by considering the mass of negroes in the South as they are, not as sentimentalists represent them to be. It can do so by discontinuing its senseless, fruitless attempt at higher cultivation of the negro. As long as the vast majority of the race in the South remains as it is, the strong arm of white control must be strengthened and encouraged to exert itself.

The negro must be taught the rudimentary virtues he has forgotten before he can aspire to a higher education.

The North can do its duty by first understanding the condition as it is and then uniting with the Caucasian of the South, in knowledge of and sympathy with his situation, to devise proper, adequate and permanent relief.

What is now needed is less sentiment and more common sense on the part of the North. All the money it has to devote to humanitarian purposes and all the sympathy and support it can summon should, in this grave emergency which threatens North and South alike, be placed, unreservedly and in the fullest confidence, back of the better class of white people in the South who alone are possessed of a full comprehension of the true situation and who alone are competent to deal with it adequately and justly.

GRAVE DISEASES, DUE TO STANDING

Facts About Miss Merkley's Dangerous Illness and Complete Cure

Have you ever thought why so many women or girls rather walk an hour than stand still for ten minutes?

Miss Margret Merkley

It is because most women suffer from some derangement of their delicate organism, the discomfort of which is less trying when they are in motion than when standing.

In some states laws compel employers to provide resting places for their female employees.

But no amount of law can regulate the hard tasks of these women. They must get the strength which this work demands or run the risk of serious diseases and the surgeon's knife.

Read the experience of Miss Margret Merkley, 975 3d Street, Milwaukee, Wis.:

Dear Mrs. Pinkham:—

"Gradual loss of strength, nervousness, bearing-down pains and extreme irritation compelled me to seek medical advice. The doctor said I had diseased organs and ulceration, and advised an operation if I wanted to get well. I objected to this and decided to give Lydia E. Pinkham's Vegetable Compound a trial. I soon found that all the good things said about this great medicine were true. The ulceration soon healed, backache, headache and nervousness disappeared, and in a short time I was strong, vigorous and perfectly well. I wish every working girl who suffers would try Lydia E. Pinkham's Vegetable Compound."

Lydia E. Pinkham's Vegetable Compound is a vegetable tonic which invigorates and strengthens the entire female organism, and will produce the same beneficial results in the cases of other sick women as with Miss Merkley.

Fort, McHenry to be Abandoned.

The official order directing the abandonment of Fort McHenry, Md., and Fort Fremont, S. C., as stations for troops of the United States army has been issued. It is directed that on March 31, 1907, when the troops, are relieved from those two posts, they be turned over to the Engineer Department of the army and all movable public property at them disposed of in accordance with instructions to be issued by the War Department. It was stated officially today at the War Department that the military reservations at these two posts are to be retained by the department and that civilian caretakers will be kept there.

AND VIRGINIA ADVERTISER

FRIDAY EVENING, OCT. 12, 1906.

FEARING the exposure of the method of curing hams, in which process it is alleged that the beef trust, through subsidiary concerns, uses boric acid in violation of the law, the four representatives of Armour & Co., of Chicago, who were arrested in Philadelphia on October 6 upon information based upon investigation of an agent of Dairy and Food Commissioner Warren, yesterday waived a hearing and each was held under $600 bail for Court. The agent had bought hams from several of the depots of Armour & Co., and upon analysis each was found to contain a certain percentage of boric acid. Based upon this information, warrants were issued for four of the Armour men. The proceedings were very brief. The attorney representing the defendants informed the magistrate that his clients would waive a hearing and enter bail for court. Without further ado bail for the combined amount of $8,000 was entered.

COLORED republicans, disgruntled at the formation of a lily white party, repudiating nominees for Congress who have Chairman Slemp's endorsement, will, they declare, make a fight against Messrs. Hanson in the Third, Simmons in the Fifth and Slemp in the Ninth districts. But they will do no such thing. It matters not how badly they are treated by the white republicans, they will vote the republican ticket on election day, and their "bosses" know it.

THE grounds on which a continuance was asked this morning in the Corporation Court in the case of the negro who had killed another in this city, recently, might have been very reasonable under some circumstances, but the community will upbold the court in having overruled the motion. The law's delay is proverbial and the people demand prompt trials in criminal cases. Delays in such cases have in a number of instances led to serious troubles.

WHEN THE President directed that one judge at every polling place in Arizona should be an advocate of joint statehood some doubt was expressed whether the territory contained enough advocates of merger with New Mexico to go around. This apprehension is confirmed by letters from Arizona which say that not enough supporters of the President's preposterous policy can be found to watch the polls.

IT IS a pleasure to read in the Mobile Register that the late storm which devastated that city did not work such ruin among the beautiful live oaks that adorn its streets and parks as had been at first reported. A few trees were overturned and all were wind-whipped and partly deprived of their foliage; but the glory remains. A stranger visiting the city would hardly note the ravage.

THE greatest corn crop in the history of the country is indicated in the report of the crop reporting board of the Bureau of Statistics of the Department of Agriculture, made public yesterday. The crop is now safe, and it will be about 2,780,000,000 bushels. This should be a good democratic year.

BOOKER T. WASHINGTON, in a speech in New York yesterday, advised northern negroes and whites against rash utterances, declaring that many southern whites were the best friends of the negro. This is all true, but some northern people would not believe it even if told by an angel.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Oct. 12.

Whether there will be a meeting at the Benning track this fall is problematical. District Attorney Baker insists that he will call the Davis case to trial on November 5th and sufficient time should be had to allow a decision on the question whether betting on horses under the law is legal in the District.

Mrs. Jennie May will not be arraigned in Criminal Court today to answer the charge of assault with intent to kill Lucien Conen. Mrs. May is so prostrated by the death of Conen that she is not physically able to appear. The District Attorney's office will not insist on her appearance until her condition improves.

President O'Connell of the International Association of Machinists received word this afternoon that the Chicago, Burlington and Quincy railroad had granted an increase to its machinists of from three to six cents per hour per man, thus raising the daily wage scale approximately from $3.40 to $4. The Northern Pacific, the Great Northern and the Wisconsin Central had already granted the increase.

Conferences are preceeding between the Southern Railways and the International Association of Machinists, looking to termination of the strike, under which 1,000 union men on the roads are now out. It predicted that a compromise will be reached within the next 48 hours.

Russell B. Harrison, of Indianapolis, who as the son of President Harrison was referred to during that administration as "Prince Russ," called at the White House today to pay his respects to the President. Another caller during the morning was William L. Ward, national republican committeeman from New York. He told the President that in order to win the State the republicans must fight up to the day of election.

Major John M. Carson, Chief of the Bureau of Manufactures, in an official publication today says: "A delegation of German manufacturers who came to this country recently to ask relief from what they considered restrictive legislation have not, apparently, from remarks of some members of the delegation, received any great satisfaction. They seem to think that special favors might be given to German manufacturers in administering the customs laws, being unaware that the United States treats all nations alike. Their threats for a tariff war on the part of Germany do not influence American officials in their enforcement of the law."

Just twelve days after the president issued his order for the sending of an army of occupation to Cuba the last of the expedition embarked at Newport News, Va., and sailed for Havana yesterday. Without one hitch 5,650 troops were transported from the posts in the far south, the north, west and north, west to Newport News, Va., and as fast as they arrived there were put aboard chartered vessels and sent to Cuba.

THE COLD WAVE.

The cold wave extends over a large area. Six inches of snow fell in Pennsylvania, yesterday, the storm raging two hours. Killing frost appeared in Mississippi, Alabama, Georgia, the Carolinas, Texas and Tennessee. It has been snowing in Buffalo, N. Y., for over 24 hours. Vessels on the Great Lakes, which have been fighting snow and high gales for two days, arrived coated with ice. Flurries of snow visited Snow Hill, Md. Sleet in New York State carried down wires, cutting off cities from the rest of the world.

Winchester and the Shenandoah Valley are in the grasp of a severe cold wave, the temperature dropping rapidly yesterday to within two degrees of the freezing point. There was a slight fall of snow at Winchester yesterday evening, of brief duration. A high wind that prevailed there Wednesday night died down and a killing frost was looked for last night.

Yesterday was the coldest of the fall in Norfolk and vicinity. The thermometer dropped to four degrees above freezing at 5 a. m. and at 8 a. m. it was only two degrees warmer. Coal and wood dealers cannot supply the demand for hurried fuel.

A heavy frost formed at Lynchburg yesterday morning, killing vegetation and doing heavy damage in truck patches, all of them being killed out. The frost was 11 days ahead of last year.

Disinherited for Marrying Gentile.

Disowned by his family because he married a gentile, Dr. Barney J. Dreyfuss, of the faculty of Cornell University Medical College, is happy, nevertheless. Cards announcing the marriage were sent out yesterday, but Dr. Dreyfuss expects no response from his wealthy relatives in Paducah, Ky., for he was informed sometime ago that if he married a woman not of his own faith he would be disinherited.

Dr. Dreyfuss's wife was Miss Claire Burke. She was a trained nurse, and their romance began in a hospital. It extended over a period of four years, during which time the doctor's family made all sorts of efforts to forestall the marriage.

Mrs. Dreyfuss is the daughter of the late Major John Burke, internal revenue collector for the Southern district of Indiana. She is a Roman Catholic.

Four years ago she went to the Louisville Hospital, in Louisville, Ky., as a trained nurse. Dr. Dreyfuss was rounding out his medical education there on the hospital staff. It was a case of love at first sight, but the doctor's parents objected strenuously to his marrying a Christian. Two years ago the doctor entered Cornell Medical College and a few months ago again tried to secure his parents' consent to his marriage to Miss Burke. He was unsuccessful, however, and the marriage was set for November 8. He became ill, however, and the ceremony was performed quietly. The doctor has recovered and returned to his duties.

Daughters Testify Against Mother.

The spectacle of two pretty girls weeping as they told of their mother's actions was presented in the Supreme Court, Brooklyn, yesterday when Rev. John Frank Von Vlasselear, of Williamsburg, sought a divorce from Mrs. Helena Von Vlasselear, of Sheboygan, Wis. Justice Maddox granted an interlocutory decree. The girls were Cecelia Van Vlasselear, 20, and her sister Mercy, 16, who live with Miss Bertha Block.

In contrast to the attitude of the daughters was the loyalty to his mother of Edward Von Vlasselear, 21 years old, who testified before a special commissioner of the Supreme Court that all the allegations were false, and that, although he lived in the house at the time of the alleged occurrences, he never saw any of them. The young man is in Sheboygan with his mother, who put in no defense and was not represented in court.

Miss Block testified that she had been a boarder at the parsonage, and saw other men kiss the clergyman's wife in the parlor.

Cecelia, the eldest, was the first of the sisters to take the stand. Her voice was almost a whisper as she said in reply to a question:

"Yes, I saw many men calling on my mother when my father was away from the house."

Virginia Medical Men.

The Medical Society of Virginia in session at Charlottesville last night elected the following officers: President, Dr. Paul Brandon Barringer, University of Virginia; vice presidents, Drs B. Brown Bagby, Walkerton; Frank Horace Hancock, Norfolk; Charles Frederick Rinker, Upperville; recording secretary, Landon B. Edwards, Richmond; corresponding secretary, John F. Winn, Richmond; treasurer, R. M. Slaughter, Theological Seminary; chairman executive committee, Paulus A. Irving, Richmond; chairman committee on nomination of applicants for fellowship, William D. Turner, Shoalbay. The subject for general discussion during the morning hour consisted of a symposium on preventive medicine.

New York Stock Market.

New York, Oct. 12—The market all through the first hour was feverish and irregular. There was a strong opening and a buying wave on the floor carried prices up to the highest range reached in many days. Just when the entire market seemed strong large blocks of Union Pacific were sold causing a sharp break. After the rush to sell was over there was quiet, heavy buying of a number of stocks that caused a firm tone again.

Cordial support was given yesterday by the National Wholesale Druggists' Association in session in Washington to the Pure Food and Drug Law recently enacted by Congress. It was determined to aid the government authorities in every proper way to carry the law into effect.

An accident which will probably deprive Miss Mary Lewis, a Utica, N. Y., telephone operator, of her sight occurred Wednesday while the young woman was seated at the switchboard in the telephone exchange. She received a severe electric shock, which rendered her unconscious for a time and left her totally blind.

Standing helpless with her foot caught in a cattle guard at the Indian Hill crossing near La Cross, Wis., seven-year-old Mamie Hunt on Wednesday watched the onrushing freight train which killed her; while Dagna Senstad, her six-year-old companion, vainly tried to signal the engineer. Sitting upon a brake wheel on top of the train was John Hunt, the girl's father, a brakeman, unconscious that his child was being ground to death beneath the wheels. The girls were returning from school when the Hunt child's foot became caught. Dagna Senstad ran to meet the train, waving her arms and screaming, but the engineer did not see her.

Virginia News.

Mr. Walter C. Carter, son of Mr. Thomas J. Carter, and Miss Mary E. Fouche, eldest daughter of Mr. George W. Fouche, of Ryan, Loudoun county, were married on Wednesday at the bride's home. The ceremony was performed by Rev. Frank P. Berkley, pastor of the Leesburg Baptist Church.

The recent bond sale of reservoir bonds by the town of Warrenton failed to elicit bids at 4 per cent for the entire issue, and the rates have now been raised to 4½ per cent. Sealed proposals will be received by A. R. Bartenstein, chairman of the finance committee, until 12 o'clock noon, October 20. Work on the new reservoir is progressing rapidly.

Walter Jones, the negro who attempted a criminal assault on Mrs Lucy Blanks, a middle-aged married woman, in the suburbs of Lynchburg on September 17, almost under the glare of an electric light, was tried in the Corporation Court late yesterday afternoon and found guilty. The jury fixed his punishment at twenty years in the penitentiary.

The council of Manassas has let the contract for the putting in of an electric plant to the J. M. C. Lucas Company, of Baltimore. No satisfactory bid was received on the waterworks and street improvements, and the committee having the matter in charge was directed to readvertise for bids on this work. The bid of the Lucas Company on the light plant was $7,557.

Bank burglars made an unsuccessful attempt about 2 o'clock yesterday morning to rob the People's Bank at Mount Jackson. They succeeded in blowing off two doors of the vault, but after a failure to break the door which secured the cash they were frightened away. The interior of the building was badly damage by the explosion, which aroused many residents. President Triplett, of the Mount Jackson National Bank, who rooms across the street, exchanged shots with one of the watchers, but neither was hit. Another citizens had his gun leveled at one of the men, but was afraid to shoot. There were five robbers, and they left town southward on the Valley turnpike.

Appointment.

Mr. Richard H. Tebbs, a well-known lawyer of the Leesburg bar, and ormerly judge of the county court of Loudoun, has been appointed examiner of records for the Twenty-sixth judicial circuit, composed of the counties of Loudoun, Fauquier, and Rappahannock. The appointment was made by Judge E. S. Turner of the Circuit.

The telegraph boys of Wall street, New York, who went on a strike yesterday, have returned to work. They gained some minor concessions for better pay for straight away work.

Ex-President Cleveland on the Situation

Ex-President Grover Cleveland says the present political situation is "an afflictive one." He declares Wm. R. Hearst's nomination for Governor of New York was a calamity for the democratic party, and asserts that Hearst does not represent the principles of democracy. The only living former president also avows his belief that a Hearst victory in New York would not result in making Hearst a formidable candidate for the presidency, and concludes that the emergency must be met by every man voting according to his own conscience.

Mr. Cleveland's statements were made in an interview at his home in Princeton, N. J., where he was requested to give an expression of his opinion on the campaign in New York

"Every voter of the State must settle with his own conscience in determining his action in this emergency," said Mr. Cleveland; "but I cannot but regard the democratic situation presented to my old associates in New Ybrk as an afflictive one."

"It has been suggested in this campaign that supporting the party nominee is not supporting democracy," he was told. "Will you state whether, in your opinion, Mr. Hearst is a democrat?"

"I certainly never dreamed that he represented the principles of democracy as I understand them," was the reply.

He declined to say whether, if a citizen of New York, he would support Hearst or Hughes. Mr. Cleveland said he agreed with Mr. Hughes as to the chief issue, adding:

"I think the question was stated very concisely by Mr. Hughes in his speech at Lyons, when he said an attempt is being made to marshal the forces of discontent in an appeal to passion, not reason."

"What would be the greatest danger should Mr. Hearst be elected Governor? Do you believe the presidency would be menaced?"

"Certainly not: the people would have him two years and be through with him. Do I think his election would be a calamity? Why, the whole situation is an absurdity. His nomination alone was a calamity to the democratic party. It placed thousands of good men who believe in democratic principles and who rebel against voting for a republican in a terrible situation."

Tammany Organ Bolts Hearst.

Denouncing W. R. Hearst as a traitor to democracy, the Tammany Times, the official organ of Tammany Hall, New York, for the past 14 years, yesterday bolted his nomination.

The announcement on the part of the weekly journal which depends upon the support of the rank and file of Tammany for its existence accentuated the defection of the democratic voters in New York. In a statement which is to appear in its next issue the Tammany Times will say:

"We are asked to indorse and give support to candidates who represent a party organized to so divide democracy as to insure either the acceptance of another party's candidates or compel democracy's defeat.

"And all this for the advancement of a deserter's ambition at the expense of honor and good name of the great party of the people. In this crisis we decline to follow where a traitor leads.

"We have combated every enemy outside the party. We now oppose the enemies within, feeling that no right-thinking democrat can give aid or encouragement to any candidate who was a municipal ownership man last week, the independent of all parties yesterday, the seeker after democratic support at Buffalo, and the denouncer of Tammany, whose nominating power he so eagerly sought and bought by secret bargains made without regard to anybody's interests but his own.

"Real democrats have but a single remedy—vote for true democratic candidates for other offices, but where this is impossible, as for Governor, vote for Charles E. Hughes."

The Jamestown Monument Bids.

Bids were opened in the office of the supervising architect of the Treasury in Washington yesterday for the erection of the monument for which Congress has appropriated $50,000 to mark the site of the landing of the first settlers at Jamestown. The monument is to be 100 feet high on a pedestal about 100 feet square The shaft will be between 80 and 40 feet square at the base, tapering like the Washington Monument to a smaller dimension at the top. There were only two bidders—the Norcross Bros. Company and the Harrison Granite Company. The bids ranged from about $70,000 to $95,000 for a granite monument, while one bid for a marble monument was for $99,000. The lowest bid was that of Norcross Bros. Company, to erect the monument of mascoma granite, a light gray stone, for $70,100.

As all these bids are so far in excess of the appropriation available for the work, Supervising Architect J. Knox Taylor will revise the plans of the monument with a view to reducing the specifications for ornamentation and approach so that one or the other of the two firms will undertake the work for $50,000. It is probable that the monument will be built of granite. The Washington Monument, as is well known, is of white marble, but this material is so much more expensive than granite and there is so little money available that granite must be chosen.

Letter to Herbert Bryant.

Alexandria, Virginia.

Dear Sir: A man fed his hens half meal and half sawdust; he thought they wouldn't kpow the difference. He concluded they did when the eggs hatched woodpeckers.

Another man painted his house with a paint that was made of half paint-substitutes. He didn't know the difference—not till he paid the painter.

He had 20 gallons to pay-for, 20 instead of 10. Got fooled $12.50 on the paint.

He had 20 days' wages to pay-for, 20 instead of 10. Fooled $30 in wages.

He got a poor job besides. He paid too much for his eggs, and they hatched woodpeckers.

Yours truly,

Today's Telegraphic News

New York Politics.

New York, Oct. 12.—With one exception the candidates of the judiciary nominators are today the candidates of the republican party for the judicial positions to be filled in the coming election. With Judge Oteo Rosalsky substituted for Justice Wm. E. Wyatt, the nominator's ticket was accepted without question by the republican county convention last night.

Chairman Parsons won the place on the ticket for Judge Rosalsky. Incidentally Mr. Parsons proved his right to be known as the new boss of New York county republicans. There were some objections to accepting the nominator's candidates expressed by the delegates of the convention. Passing around the word that President Roosevelt wanted them named quieted any opposition.

President Roosevelt had endorsed the entire ticket, but Mr. Parsons set out to have Wyatt shelved in preference for Rosalsky and he succeeded.

There is a possibility that opposition to the Tammany judiciary ticket may yet come from the independence league. Mr. Hearst yesterday expressed half-hearted approval of the ticket. Some of the league leaders are open in condemning the compromise ticket and are talking of having a ticket of their own put in the field. If this is attempted it is likely Tammany will withdraw Justice Seabury, John Ford and other independent leaguers from its ticket. Hearst and Murphy are both busy trying to placate followers who are dissatisfied with the judiciary ticket, but it remains to be seen whether they will succeed.

Elmira, N. Y., Oct. 12.—Wm. R. Hearst's letter of acceptance of his nomination by the Buffalo convention will be delivered late today to democratic State chairman Wm J. Connors in New York. The letter, it is understood, will discuss Mr. Hearst's attitude toward the Buffalo platform and will be the candidate's last word in declaring his freedom of all bosses, and defining his policies.

In one sense, Mr. Hearst's letter of acceptance will form a personal platform. By the expressions in this letter he expects to make clear just how he stands with reference to the platform of the two—democratic and independence league—conventions which nominated him.

Pope's Condition Grave.

London, Oct. 12.—It is reported here late this evening that the Pope's condition has again become very grave.

Berlin, Oct. 12.—Clericals here are greatly worried over the reports received today to the effect that Pope Pius X. is again in a precarious condition. The pontiff's health has been a constant source of worry, but the fears of churchmen have been increased by today's news. Pius is now said to be suffering from a combination of maladies. He is subject to fainting fits and frequently falls asleep during conversations. At present he is refusing to obey the instructions of his physicians, thus diminishing his chances of improvement.

Pope Pius X has been in poor health almostfrom the time he ascended the Papal throne. He is the victim of chronic heart trouble and to add to this he has been attacked by heart failure and collapsed temporarily.

Dr. Lapponi, the Vatican physician, in whom Pius X has the greatest confidence, was recently stricken with a disease which has been diagnosed cancer. Upon learning this the Pope is reported to have exclaimed that then he could not hope to live long.

American vs. European Capitalists.

Constantinople, Oct. 12.—Turkey promises soon to witness a fierce struggle between American and European capitalists. Americans, who have been practically barred from Turkey by their European competitors in the past, are now making preparations to break into the field.

Negotiations are now in progress with the Sultan looking to Americans securing concessions. Ambassador Leishman has been interested in the project.

The tobacco monopoly will be the first object of American attack. Germans and Frenchmen now control this and the Sultan receives from them fifteen per cent dividend. Americans who are bidding for the monopoly have offered the Sultan 80 per cent dividend if they are given a twenty-five year contract and offer to guarantee that the ruler will receive a minimum return of 520,000 pounds.

Since this offer was made by Americans the present holders of the monopoly have made an offer of 80 per cent to the Sultan for a fifty year contract. He has refused to listen to this offer, however.

Consumptive Dies in Tent.

Dunbar, Pa., Oct. 12.—At a lonely spot on the slopes of Chestnut Ridge, William Weaver, of Philadelphia, a consumptive, died Wednesday night. Weaver left Philadelphia about two months ago, seeking a cure for consumption, and thought open-air life in the mountains would benefit him. He secured a camping outfit and located near here on the Anderson farm Wednesday night. He retired early, and left word at the Anderson home not to call him early. About noon yesterday Anderson visited the tent and found Weaver dead. Friends in Philadelphia have been communicated with, and the body will be shipped home when relatives arrive.

The World's Baseball Championship.

Chicago, Oct. 12.—With two games out of the three played to their credit, the Sox will clash with the Cubs on their own south side grounds this afternoon. Today's game will be the fourth of the seven battles to be fought for the world's championship. Altrock is picked to pitch for the Sox and Brown for the Cubs. The latter will made a desperate attempt to tie the games. This afternoon's weather promises to be slightly warmer than that of yesterday. The Sox are now a slight favorite in the betting.

Agian in Eruption.

Basse, Terre, Guadeaulope, Oct. 12.—Mount Pelee, which wiped out the town of St. Pierre, Martinque, in May 1902, is in eruption Ashes from the volcano were scattered today over the southern coast of Guadeaulope. It is not believed the eruption threatens damage to the islands. There are no signs of activity from the Soufriere volcano on this island.

Overdriven overworked, when what it needs is something that will digest the food eaten and help the stomach to recuperate. Something like Kodol For Dyspepsia that is sold by W. F. Execution of a Murderer.

Chicago, Oct. 12.—Daniel Francis, colored, was hanged in the Cook county jail at 11 o'clock today. The negro died in religious fever, thanking God that he was a soldier for Christ. Before he was placed on the scaffold he shouted that no one was so fortunate as he, for he was going to meet his Saviour, while all his hearers would be compelled to remain behind. The negro's neck was broken by the fall.

Francis, on Oct. 28, 1905, shot and killed his wife and Mrs. Dora Scrogg, partners in a drapery and dye establishment at 4440 Cottage Grove avenue, and also injured his eight-months-old son. Francis had been drinking heavily and was separated from his wife several weeks before the tragedy. On the afternoon of the crime he went to the little store and demanded that his wife return home with him. She refused and Francis then shot her several times. The woman fell to the sidewalk fatally injured. Mrs. Scroggs ran screaming to the street. Francis followed her. "You told my wife not to live with me," said Francis, who then shot the woman through the heart. Francis was pursued by a crowd and captured. An attempt to lynch him was frustrated.

The Trial of Dr. Brouwer.

Toms River, N. J., Oct. 12.—That much ground was lost yesterday by the prosecution in the trial of Dr. Frank Brouwer for murder of his wife was the concensus of impartial opinion when the hearing was resumed today. Miss Elizabeth Hyer, Mrs. Brouwer's sister, who had been counted on as a star witness for the prosecution, was a disappointment when she took the stand yesterday. In her direct testimony she clearly showed that she was largely animated by personal ill feeling against Brouwer. Her testimony resolved itself largely into the expression of her own opinions. She was not even cross-examined. That Brouwer and his wife frequently quarreled was established by several witnesses. It was also shown that he lived beyond his means, had resorted to his wife's money to help him out of crises, and had secured endorsements of notes from Mrs Brouwer's father. One bit of evidence was to the effect that while his wife was in her last illness Brouwer paid a visit to a young woman in a hospital and carried flowers to her. How much Brouwer profited in a financial way from his wife's estate was also shown as a part of the motive which the prosecution is trying to establish.

Plead Not Guilty.

New York, Oct. 12.—On behalf of the New York Central Railroad and the Western Transit Company, a lake branch of the Central, Albert H. Harris's counsel today enter a plea of not guilty to the charge of granting rebates to the American Sugar Refinery Company before Judge Thomas in the United States Circuit Court, with leave to withdraw and inter a demurrer. A like plea was entered by Howard S. Gauz for Edwin J. Gudlow, Edgar E. Armed, and Edwin Earle, of Detroit, Mich., accused of accepting rebates from the Central on sugar.

Court Designates Democratic Papers.

New York, Oct. 12— The appelate Division of the Supreme Court has decided that the New York World, Times, Sun and Staats Zeitung, claiming to be democratic papers and legally entitled to print at the State's expense, as democratic papers, information concerning the places of registration and the polling berths, were not democratic papers. The only papers designated by the Court as democratic papers were the American, Morning Telegraph, Daily News and Das Morgen Journal.

No Tidings of Silveria.

New York, Oct. 12.—With another day of fruitless search for Manuel Silveria, the defaulting Havana banker, whose departure from Cuba with $1,000,000 in gold for parts unknown wrecked the banking house of Ceballos and Company of this city, having passed the hopes of those most anxious to locate the missing banker are waning. The impression is growing that Silveira will be able to reach some ports in his flight where he may remain safely and enjoy the money he took with him.

Poisoned by Milk.

Findlay, O., Oct. 12.—Fourteen children, inmates of the county orphan home, were made seriously ill from drinking milk last night. Two of the children are lying at the point of death, and several babies are in a serious condition, but they may recover. Officers of the home are making an investigation of the milk. They are unable to trace the poison to any other article of food.

Attempted Suicide.

Worcester, Mass., Oct. 12.—Harry Wood, for whom a man hunt was pursued all last night in the belief that he was responsible for the murder of his sister-in-law, Mrs. Ira E. Wood, in cold blood, while she was sitting in his home at Baldinsville, was found this morning by searchers with his throat cut. Wood's condition is so grave that it is impossible to get any statement from him.

Weather Probabilities.

For this section fair and not so cold tonight and Saturday; frost tonight; light variable winds.

Compromise Probable.

A dispatch from Spencer, N. C., says that Mr. H. B. Spencer, general manager of the Southern Railway, has issued a signed statement concerning the strike of the machinists, in which he states that the operating expenses of the road have been increased in greater proportion than the increase of the earnings, and in which he offers to compromise with the operatives, giving an increase of pay in proportion to the labor, but not so large an increase as that asked by the machinists and apprentices.

The officials of the road stand ready to treat with the men on the issues at stake. It is believed that the differences will be settled. General Manager Spencer points out in his communication that the company is now confronted with a serious agitation before the State commissions of various States in favor of decreased rates of freight and passenger charges, which, if put into effect, will mean largely decreased net revenues. In his statement Mr. Spencer says that the gravity of the situation demands the most careful consideration of each and every employe; that after careful consideration, these employes will conclude that their attitude toward the company has not been entirely just, and that they will feel that they ought, not only in justice to the company, but in justice to themselves, to reconsider their action in going out on strike.

Mr. Spencer calls attention to the fact that the Southern has not been unmindful of the just interests of the machinists in its employment, and cites as evidence of this that the increases in their pay during the past five years have been substantial. Nearly one thousand men are out on the Southern system, and many more are interested in the strike.

It is regarded as probable that, at a conference in Washington today between James O'Connell, president of the International Association of Machinists, and General Manager H. B. Spencer and Mechanical Superintendent Stewart, of the Southern Railway, a satisfactory adjustment of the differences existing between the railway company and the machinists employed in its shops will be arranged.

The situation among the machinists of the Southern Railway Company at this city, who went on a strike on last Monday, remains practically unchanged. The officials of the company have employed a number of watchmen, who are now stationed at the machine shops. The company is placing fencing around their property, the order for which was given a month ago.

Disappearance of "Purchaser."

A man who gave his name as John Hummel and New York as his residence appeared in this city a few days ago and registered at the Hotel Rammel. He later became acquainted with Messrs. Riley and Spinks, proprietors of the Elkton Hotel, with whom he soon made himself familiar. Hummel expressed himself as being greatly pleased with Alexandria, so much so that he announced his determination to purchase real estate and engage in business in this city. He seemed to be more impressed with the Elkton building than any other in Alexandria and so expressed himself.

The present owners of the saloon as well as Mr. John D. Normoyle, real estate broker, soon became interested in Hummel,

The matter was taken up with some of the trustees of Alexandria Lodge of Elks. Hummel said he would be willing to give $12,000 for the place, but demurred when $14,000 was mentioned.

Meantime Hummel ran short of ready money, and he got Mr. Rammel to cash a check for $15 for him early Wednesday evening and a little later Mr. John Riley gave him $25 on a similar piece of paper. The checks were drawn on the Commercial National Bank, of Rochester, N. Y.

Riley & Spinks and the Messrs. Rammel later grew suspicious, when they found Hummel had suddenly vanished. He was supposed to be asleep in a room in the Rammel Hotel, but when a search was made for him it was found that he had made his way out of the house in some manner.

Telegrams were sent to Rochester making inquiry about Hummel. An answer was received late Wednesday night saying he was not known there and had no account in the bank upon which the checks were drawn.

Hummel claimed to be a member of Lodge No. 1, Benevolent and Protective Order of Elks. He is apparently of German extraction, and is about forty years of age. He is well built and has a fair complexion and blue eyes. When he left here he wore a dark suit and rain coat and derby hat.

No Trace of Missing Money.

Washington detectives who have been assisting in the search for the $3,500 lost Wednesday by Mr. Henry A. Crump, messenger for the First National Bank of this city, somewhere between the Treasury Department and the Mount Vernon station, in Washington stated last night that no trace of the missing money has been found. In addition to the reward of $500 offered by the First National Bank yesterday for the return of the money Mr. Crump has offered to pay $100 from his own pocket.

A telephone message was received in this city today from Washington stating that a negro, whose description was given, believed to have $3,500 in his possession, was about to make his way to Richmond. Lieutenant Smith sent officers to the union depot who went through all south-bound trains, but they failed to find any colored person answering to the description given. It was later learned that a negro who had stolen $40 in Washington was said to be about to pass through this city. This had given rise to the report that a darkey with $3,500 was on his way to Richmond

Auction Sale Tomorrow.

Mr. Samuel H. Lunt, auctioneer, will offer for sale at noon tomorrow in front of the City Hall on Royal street a frame building and lot on the north side of Wilkes street, between Fairfax and Lee.

Alleged Disorderly House.

The proprietor of the house in which Thomas Elzey, colored, was shot and killed on Thursday night, October 4, was before the Police Court this morning charged with keeping a disorderly house. The accused was represented by Mr. C. C. Carlin. Chief Goods testified that colored men and women congregated in the place and that a piano furnished music for the patrons; that there had been a difficulty in the house on the afternoon preceding the night of the shooting and that a message had been received at the station house announcing the fact; that on that occasion the trouble had been started by a mulatto girl sitting in a colored man's lap. Other officers testified on the same lines, while some alleged that the scenes in the saloon referred to were on the same order of those in other places in the northeastern section of the city where colored people, male and female, gather. Officer Henderson's testimony was to the effect that on one occasion when he was compelled to enter the place he went in with his pistol in his hand.

Mr. Carlin asked that the court discharge the accused, and alleged that the saloon conducted by his client should be no more objectional than others in the neighborhood, intimating that jealousy on the part of those keeping similar public houses seemed to be apparent.

Justice Caton, in summing up the case, said there was no law, State or city, imposing a fine on the proprietor of a public house in which disorderly proceedings occur. His license, however, could be revoked. The Corporation Court in granting liquor licenses did so with the express understanding that there should be no rooms attached to saloons for the use of women, no music and that the patrons should be kept moving. The justice said he would dismiss the warrant charging disorderly conduct, but would lay the evidence against the house before the Judge of the Corporation Court who could punish the offender by revoking the license if he deemed proper.

The Steamboat Tie-up

The striking captains and the management of the Baltimore, Chesapeake and Atlantic and Maryland, Delaware and Virginia steamboat lines are still at loggerheads, but indications point, many think, to a settlement in the near future.

Captain Thomson wrote a letter last night, in which he outlined his position and states why he does not care to do business with the association, which, he says, is the main question of the controversy.

Two meetings were held by the captains. At the morning one the letter of Captain Thomas to the effect that he would see the captains and not require them to sever their connection with any association to confer with him was read. No action was taken. The attitude of the companies is that the burden of the responsibility now rests on the men for not acting upon the letter.

Accused Dismissed.

Samuel Sterling was arrested yesterday by Officers Henderson and Bettis on suspicion of robbing the Carlin-Hulfish hardware store several months ago. It was alleged that the pistol with which Howard Banks shot and killed Thomas Elzey in a saloon on Thursday, October 4, was purchased by the murderer from Jake Harris, colored, that the latter procured the weapon from Jacob Brooks, also colored, and that Brooks bought the pistol from Sterling. Six weapons of the same make were stolen from the Carlin-Hulfish store. Sterling was brought before the Police Court this morning and Brooks was put upon the stand. He positively identified the prisoner as the man from whom he bought the pistol. Sterling in his statement denied that he had been engaged in such a transaction. There was nothing brought out to corroborate Brooks' assertions and Sterling was dismissed.

Old Papers.

Mr. Samuel H. Lunt has presented this office with a number of copies of the "Local News," published in the Gazette building from October 7, 1861, until February 10, 1862, when the office was burned by United States soldiers. The object of the publishers of the "Local News" was to keep a record of the happenings in this city and neighborhood during the civil war. A synopsis of general events was also published daily. A perusal of these papers affords interesting reading to Alexandrians who were living at the time. A list of the city officers with Wm. B. Price as Mayor, who were elected in March, 1861, appears in one of the papers. The names of those who succeeded them November 20, 1861, with Lewis McKenzie, as Mayor, are also given. It is believed that every one who was a city official at that time has paid the debt of nature.

Pole Strikes Train.

About six feet of the upper portion of a heavy pole broke off and fell a short distance north of Braddock Heights near this city, early last night, and, swinging at the end of a guy wire, struck the motor car of the train that left this city at 7:50 o'clock. Two windows near the front of the car and the surrounding framework were smashed, and bits of broken glass and splintered wood were sent flying into the car, which was well filled with passengers, but no one was injured, though there was some excitement. The crew removed the obstruction, and the train proceeded to Washington after a short delay.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Samuel Sterling, arrested by Officers Henderson and Bettis on suspicion of robbing the Carlin-Hulfish hardware store, was dismissed.

A white man, charged with conducting a disorderly house, was dismissed

Murder Trial.

The case of Howard Banks, colored, indicted last Friday for the murder on the night previous of Thomas Elzey, also colored, was called for trial in the Corporation Court this morning. Forty-six talesman had been summoned from which to secure a jury, thirty-five of whom were present. Banks was represented by Messrs. Machen & Moncure, while Commonwealth's Attorney Samuel G. Brent appeared for the State, assisted by Mr. R. D. Brumback. The court room was crowded when the case was called, a large majority of the spectators being colored men and women.

After the case had been called, Mr. L. H. Machen, for the defense, moved for a continuance of the case, on the ground that he had been compelled to be away from home attending to other legal matters; that he had been very busy preparing some cases in which he was counsel which are to come up in the Circuit Court for Alexandria county next week and that he had not had time to give the case the attention it demanded.

The court overruled the motion, holding that he had given time sufficient when, last Friday, he set the case for trial today. Mr. Machen then withdrew from the case, as did also Mr. R. C. L. Moncure, his partner and associate counsel.

This caused a little stir in the court room, but the delay in the proceedings was short, as Judge Barley assigned Messrs. Machen & Moncure to defend the prisoner.

A recess was then taken in order that the prisoner's counsel might prepare their affidavits for record.

Messrs. Machen and Moncure soon presented affidavits to the court setting forth that they had not had time to prepare for the case and that the prisoner is able to employ other counsel, and again asked that the case be continued. The court again overruled the motion for a continuance and the securing of a jury was then commenced.

Shortly after 1 o'clock a recess was taken until 2.

Court met again at 2 o'clock when the selection of a jury was resumed and in in less than an hour a jury was secured consisting of Messrs. F. Didszoneit, jr.; M. Jaffa, M. Rosenfeld, Sidney Wollberg, J. W. D. Parker, Wythe Whyte, C. A. Nagel, Geo. Bender, W. H. Peck, Carroll May, W. P. Kerrick and Harvey W. Summers.

Mr. Brumback then made the opening statement for the prosecution and was followed by Mr. Machen for the defense. Mr. Machen was speaking at 3:45 o'clock when this report closed.

Opera House.

Another large crowd was at the Opera House last night to witness the presentation of "Queen's Evidence," an English four-act melodrama. The drama throughout was of an interesting nature and was heartily enjoyed. The characters were all well acted, especially that of C. W. Guthrie in the heavy part and Ted Breton as the Hebrew with "an eye like an eagle." Tonight the attraction will be a reproduction of the drama of the South before the war, "The Penalty of Pride." At the matinee tomorrow evening "The Maid of the Mill" will be presented and two beautiful prizes given away. On Saturday night the company will present "The Noble Outcast."

The engine was put out of commission and the old Columbia engine placed in the Reliance house. The damage to the Reliance engine was repaired during the afternoon by Mr. R. L. Myers. UNDERWEAR.

Skin Thoroughly Protected. Breathe Freely.

Abrupt and unexpected changes in the weather are now in progress. A freezing night is apt to follow an Indian summer day. At such a season of the year it is virtually important that the body be given proper protection especially is this true in the matter of underwear. Heavy outside clothing is of practically no avail, if the clothing next to the skin, if the underwear is not of the proper kind. The rules of health demand at this season of the year that the skin in addition to being thoroughly protected, should be allowed to breath freely. Our underwear combines these two most important features, and we are showing many different styles in Union and Two-piece suits for the whole family. Remember, a word of advice in time is worth much useless advice when it is too late. Now is the time to buy

FRIDAY EVENING, OCT. 12, 1906.

Our Voices Deepen.

The primitive inhabitants of Europe were all tenors; their descendants of the present time are baritones, and future generations will have semibass voices. The voice has a tendency to deepen with age. The tenor of twenty becomes the baritone of twenty-eight and the bass of thirty-six. The inferior races have higher pitched voices than the more cultured. The negro has a higher voice than the white man. Among white races, the fair complexioned man has a higher voice than his darker skinner brother. The former is usually a baritone or a tenor, the latter a contralto or bass. It is asserted that tenors are usually of slender build, whereas basses are stout, but there are too many exceptions to such a rule for it to be reliable. The same remark applies to the statement that thoughtful men have deep toned voices and vice versa. The tones of a voice are perceptibly higher before than after a meal, for which reason tenors are generally careful not to sing too soon after dinner.—Pearson's Weekly.

Henry Clay's Popularity.

The greatest popular idol in a political sense the country has ever known was Henry Clay. Only one other American statesman ever possessed the quality called personal magnetism to the same extent that he did, and no other ever had a more enthusiastic personal following. He was an aspirant for president from 1824 to 1848, but never reached the goal. He received 37 electoral votes in 1824, 49 in 1832 and 105 in 1844, but never enough to elect him. Clay was elected speaker of the house of representatives on the first day of his term in that body and was five times re-elected. He was twice elected United States senator, once unanimously by the Kentucky legislature, and held several other high offices. If there was ever a popular idol in the politics of this country, it was Henry Clay, but he could not be elected president.—Indianapolis Journal.

The Old Plane Tree of Cos.

In the island of Cos, in the Ægian sea, there stands, jealously guarded, a huge plane tree measuring nearly eighteen yards in circumference. It is surrounded by a podium, or raised platform breast high, doubtless built to support the trunk of the tree after it had become hollow and weak from age. The lower branches are still well preserved and have been shored up by pieces of antique columns, over the upper ends of which the branches have grown like caps in consequence of the pressure of their own weight. Close by the tree is a solid marble seat, which is said to be the chair of Hippocrates, the father of medicine, and it is supposed that he taught the art of healing from that seat. He was born at Cos 460 B. C. This gives a clew to the age of the celebrated plane tree, which must be considerably more than 2,000 years old.

This Peculiar World.

This is a peculiar world, says an exchange. One is struggling for justice and another is fleeing from it. One man is saving to build a house and another is trying to sell his for less than cost to get rid of it. One man is spending all the money he can make in taking a girl to the theater and sending her flowers, with the hope of making her his wife, while his neighbor is spending what gold he has in getting a divorce. One man escapes all the diseases that flesh is heir to and gets killed on a railroad. Another escapes with a scratch and dies with the whooping cough. One man stands off his creditors and goes traveling while another pays his debts and stays at home.

Consoling.

A New England congressman once went to Franklin Pierce demanding an office for a constituent. Pierce sent him to James Guthrie, secretary of the treasury. By and by the congressman returned to the president in great dudgeon.

"What did Guthrie say to you about appointing your friend?" inquired the president. "He said he would be hanged if he would."

"Did Guthrie talk that way to you?"

"He did."

"Well, that's the way he talks to me, too," was Pierce's consoling reply.

Golf or Croquet?

It was a twosome. The player who drove off first had bandy legs. The second in driving off did not notice that his opponent had got in front of him and the ball ran through between the opponent's legs. Turning around in anger the bandy legged one said, "Here, mun, that's no golf!" "Weel," said the other, "if it's not golf it's croquet."—Scottish Referee.

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bac, Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures Hemmorhages, Chronic Coughs, Settled Colds and Bronchitis, and is the only known cure for Weak Lungs. Every bottle guaranteed by E. S. Leadbeater & Sons, Druggists 50c and $1.00. Trial bottle free.

All the good qualities of Ely's Cream Balm, solid, are found in Liquid Cream Balm, which is intended for use in atomizers. That it is an unfailing cure for Nasal Catarrh is proved by an ever-increasing mass of testimony. It does not dry out nor rasp the tender air-passages. It allays the inflamation and goes straight to the root of the disease. Obstinate old cases have been cured in a few weeks. All druggists, 75c., including spraying tube, or mailed by Ely's Bros., 56 Warren street, New York.

JEWELRY.

Going Housekeeping?

If so, you can hardly get along without spoons, knives and forks. The silver-plated are without a doubt the most economical in the end. They wear longer, look better and cost very little more than the ordinary kinds. We can even supply silver-plated knives with steel blades.

Your sideboard is hardly complete without a silver set. Silver cake and fruit baskets should also be placed there.

A candelabra with will brighten the table considerably. After the spread has been cleared off a silver fern dish should be placed on the table.

The necessary things in cut-glass are the decanter, the berry bowl and the celery dish. In a great many homes the ice cream is served on cut glass plates.

On your dresser place a traveling alarm clock and a sterling silver or silver-plated toilet set, also a hat and clothes brush.

You will find plenty use of a number of small silver-plated trays. One has always so many trinkets to take care of.

There should be a jewel case on the dresser, if only for appearance sake. Over night it is a good place to keep the watch and Z—K Gold Chain.
